No.	Description	Owner	Outcome/Discussion Topics
2018.10.19.01	Closing date for Math position	Team	Department agreed that closing date for the Math Faculty position on Jan 11, 2019 will give us enough time to interview and recruit the candidate in a timely manner.
2018.10.19.02	Unstaffed sections	Team	Department decided to cap all the unstaffed sections for Spring 19 at zero and open them up as we find faculty to teach these sections.
2018.10.19.03	Stat 1 Co-Req	Team	Stat1 will be offered with and without Co-Req. Co-requisite will be an added 2 lecture units.
2018.10.19.04	Math 21 extra unit pilot	Team	Erika N. wants to pilot a 1-unit support class for Math 21 in Fall19. She will check with Jeremy if it can be done without rearticulating the course. If it can be done without rearticulating, Erika will go ahead and get the curriculum ready.
2018.10.19.05	Dean Bagley reported on IT's progress on including a pop up on web advisor regarding their placement	Team	Michael Bagley shared that IT is working on including a Student Planning Module for showing a pop up to make students aware that they can get placed in a higher level (specific) course based on the Chancellor's Office recommended placement rules if they are signing up for a lower level Math course. It will take some time to get there. In the meanwhile, IT will make students check a box (generic message for every student registering Math/English), which states that they might be eligible to take a higher level course than what the student is registering for.
